

Meet Kara Welle

Founder of Minnesota Laser Training

A Licensed Aesthetician since 2002, Kara Welle specializes in aesthetician services delivered in a medical setting. As a Certified Laser Specialist holding many operational and training certifications across a wide variety of manufacturer laser and light technologies and safety protocols, Kara has provided hundreds of non-surgical laser treatments for resurfacing of aging and acne-scarred skin as well as pigmentation correction.

Kara has a passion for educating others in non-surgical skincare treatments. She is a recognized laser educator and enjoys teaching students and clinic staff at the basic, intermediate and advanced level. She offers comprehensive levels of instruction and training programs for students pursuing Aesthetician career opportunities in medical spas, dermatology or plastic surgery offices as well as training for professionals already working in the medical setting. Kara also consults with skincare professionals to help them build a successful practice.

Certifications

Operation and use of laser and light module technologies including: Alma (Accent XL™, Harmony XL™ and Soprano XL™) and Sciton (Sciton Joule™)

Certifications in the latest in laser skin tightening and fat reduction technologies include Exillis™, Zeltiq Coolsculpting™ and Zerona™

HydraFacial™ Demonstrations, Sales & Training

Advanced skin rejuvenation technology

Kara Welle is certified as an independent sales representative serving the Midwest region for HydraFacial™ (www.hydrfacial.com), a new-generation technology for microdermabrasion that cleanses, exfoliates, extracts and hydrates. Ranked above IPL (Intense Pulse Light) for skin rejuvenation, HydraFacial treatments are enhanced with chemical peels and serum infusions which can be customized to suit many different types of skin.

Experience what the HydraFacial system can do for your client's skincare regimens and learn more about how this popular resurfacing procedure boosts clinic revenues in a free demonstration. Kara performs demos and training on site at your school, clinic or spa.

Contact Minnesota Laser Training at 651-341-2923 or kwelle@mnlasertraining.com for more information or to schedule a consultation.

Advanced Laser Techniques Comprehensive Five Day Course

This five-day course covers a wide range of treatments, skills and types of equipment. The course prepares students to work with multiple laser and light (IPL or Intense Pulse Light) modules in the medical setting. Trainees will come away with the necessary working knowledge and skills to apply these technologies safely and effectively.

In addition to the fundamentals of lasers and IPL and safe operation of these technologies, students will learn about the latest practices in combination therapies and how to perform successful consultations. Students will perform hands-on training and learn laser safety protocols and contraindications. The course includes testing and certification.

The comprehensive laser course also covers the latest in technology and training for:

- Hair reduction
- Laser spider vein reduction
- Acne treatments
- Fat and cellulite reduction
- Skin tightening
- Laser resurfacing and combination therapy
- Dermablading and microneedling

Five day advanced course: \$4,500

Additional Training Services with Kara Welle

Learn the Business

Learn how to run a successful MediSpa practice. Kara teaches best practices while sharing her tips of the trade involving key aspects of the business including sales and marketing, customer service, retail product selection and sales, equipment selection and vendor negotiation. Customized programs are available to focus on particular segments.

One day: \$1,200

- **Laser Hair Reduction:** Laser and BBL™ (Broad Band Light) hair removal clinical training
One day: \$1,000
- **Injectable training** (Botox/Dermal Filler) is also available. Call for details.
- **Single-day training programs** are available for other aesthetician services.

See www.mnlasertraining.com for more information on additional training services and program details.

"Kara has an amazing commitment to her students and she is truly gifted. Her patience, demeanor and outstanding knowledge provided for me the most in-depth training, bar none! I look forward to working with Kara again. And I truly appreciate how she has made herself so readily available for any questions that may come up in the future."
